

# Future Vision

## The Value Proposition for Equity

May 19, 2017

Future Vision is a one-day symposium which builds upon previous AIA Portland equity events to define equity, its importance to the health of the design and building industries and to provide exposure to the tools necessary to promote equity within the profession. Equity is for everyone and equitable practice promotes the recruitment and retention of the most diverse talent to build stronger, successful, sustainable practices!

We invite you to be a part of this unique event and share your organization's support for equitable practice with other leading companies! We have the capacity to support up to 100 attendees and are inviting a broad spectrum of professionals from the building and design industries.

Contact **Colleen Bastendorff** for more details: [colleenb@aiaportland.org](mailto:colleenb@aiaportland.org); **503.223.8757**

### Keynote Speaker: Denise Harrington

#### CEO/Founder of DMH Consulting Group

Over twenty-two years ago, Denise Harrington launched a business that focuses on transforming the way that corporations and businesses communicate. She stepped on the stage of a major business club to give a speech on the "Art of Speaking with Impact" and on that day a company and legacy began! Denise, the owner of DMH Consulting Group, works with C-Suite Executives, Premier Athletes, and individuals, giving them the tools to capture their "Signature Style" and presence.

For over a decade Denise has focused on women's leadership trends and ways to help women develop stronger voices in the workplace. She believes that as women moving forward in the business arena, knowing how to communicate who they are and what they believe in will help them to become stronger contributors.
