Toward a Better AIA in Oregon

We're working to create a better AIA in Oregon to support a connected community of architects in every corner of the state. On September 29th AIA Portland and AIA Oregon leaders will present a proposal to unite the state's four separate chapters into a single statewide chapter.

We've spent three years talking with members across the state about how Oregon's AIA chapters can strengthen our collective voice and better meet your needs. Next spring, each chapter will vote on how to move ahead, so now's the time to get informed.

We're excited to share the proposal with you and to hear what you think about a united AIA in Oregon!

Party on the Deck!

Then Party "ON THE DECK" overlooking the Pearl District and the Portland Skyline!

Food, Drinks, Colleagues, Friends and Special Guests!
